rubber ducky and the rainbow gun

Music is great, duck is great, everything about this game is great. Better than Fortnite and Apex Legends. 100 ducks out of 10 ducks.. Beat all of it and got all the achievements in less than 2 hours. I could very easily just request a refund, and since I have less than 2 hours of playtime, and recently bought it, it would be granted. But I'm not. Why? Well, for one, I got it for \$0.49. And two, it's a great game.

I guess it's time to go farm it for cards.. the best ♥♥♥♥ing game ever.. I got this game for .49cents, but it is totally worth the full dollar! Check out my short gameplay here!

<https://www.youtube.com/watch?v=oFW6QqnbHGg>. Really great game, I would reccomend to anyone, espicially at a price so low

Edit:Still holds up

I have 8 gigs of ram, only 10% of it is being used, but it keeps crashing and saying out of ram. Other than that it is good, but its so unplayable because of the crashing. It normaly happens right when i finish a level.. Nice little game that keeps you entertained in short blasts!

<https://www.youtube.com/watch?v=jcW2cBGdr6o&feature=youtu.be>. Rubber Ducky really is the one. Music is great , story is superb and gameplay is also fantastic.

I want the sequel !. For a week long project, this game's pretty good. I enjoyed it. :). Music is great, duck is great, everything about this game is great. Better than Fortnite and Apex Legends. 100 ducks out of 10 ducks.. Earned my dollar back within the same week by selling my trading cards. This is absolute♥♥♥♥♥♥
